POWERFUL DRAMA woven around a sensational murder trial. Suspense, surprises and colorful action. You'll enjoy the picturesqueness of the fantastic Mardi

Gras; become excited over the dramatic termination of a bridge game, and pause spellbound during the testimony of the mysterious masked witness. Daring! Startling! Unusual! Works up to one of the strongest climaxes ever flashed upon the screen. Delightful love theme runs through the drama—a romance in which a woman, starved for affection, plays the moth to a vehement flame and almost sings her wings.

*Greatest of All Courtroom Dramas!
It Will Thrill You!*
